

REMARKS

This application has been carefully reviewed in light of the Office Action dated September 25, 2006. Claims 1-10 are pending and applicant has cancelled claims 11-13 without prejudice or disclaimer.

As noted in the Office Action, Group II comprises claims 1-12. However, claims 11 and 12 are directed to an electronic device. Therefore, applicant elects Group II, drawn to a method of making a semiconductor device, with traverse. Applicant submits that claims 11 and 12 should not be included in Group II.

If the noted claims in Group II was merely a typo, applicant elects Group II without traverse.

Please cancel claims 11-13 without prejudice or disclaimer. Applicant reserves the right to pursue their rights in the subject matter of the cancelled claims in later filed copending application.

It is respectfully submitted that the currently-pending claims are in condition for allowance and favorable consideration is earnestly solicited. The Commissioner of Patents is hereby authorized to charge any additional fees or surcharges that may be required, or credit any overpayment to Account No. 14-1270.

Respectfully submitted,
